Start Date	End Date	Major Activity Type	Description
	19-Apr	Be Counted / QAC	1. A website with the locations, hours and in-language support for the regions' Questionnaire Assistance Centers and Be Counted sites—where in-person help and questionnaires can be obtained through April 19—is now operational at <a href="http://www.2010census.gov">www.2010census.gov</a> .
		Take 10 Map	2. The Take 10 interactive map, which allows local governments to get updates on the proportion of households that have mailed back their forms, is also operational at <a href="http://www.2010census.gov">www.2010census.gov</a> . The map allows a community to view their participation rate in comparison to another's and also provides the option to download a widget to run the map application from their own websites.
	31-Mar	Update/Leave	3. The Update/Leave operation—for households that do not receive their mail with city-style addresses and will instead have their census forms hand-delivered by Census Bureau enumerators—will take place through March 31.
	23-Apr	Coverage Measurement	4. The Census Coverage Measurement (CCM) operation—a sample survey used to measure how well the 2010 Census covered housing units and their residents—will take place through April 23.
22-Mar	29-May	Update/Enumerate	5. The Update/Enumerate operation—which is designed to update census residential address lists and to enumerate occupants of these residences—will take place between March 22 and May 29.
22-Mar	16-Apr	Transitory Locations	6. The Enumeration at Transitory Locations operation—which is designed to enumerate residents of living quarters who have no usual home elsewhere, such as YMCA's, YWCA's, campgrounds at racetracks, recreational vehicles campgrounds and parks, commercial and public campgrounds, fairs and carnivals and marinas—will take place between March 22 and April 16.
29-Mar	31-Mar	Service Based	7. The Service Based Enumeration operation—which is designed to count those who receive services at facilities including shelters, soup kitchens and mobile food vans—will take place between March 29 and 31.
			8. English Replacement Questionnaires will be:
1-Apr	3-Apr	Replacement Forms	• blanket mailed across the country to 24.7 million in areas where 2000 response rates were lower than 59% between April 1 and 3;
6-Apr	10-Apr	Replacement Forms	• target mailed across the U.S. to an estimated 15 million non-respondents in areas in which 2000 response rates were between 59% and 67% between April 6 and 10.
1-Apr	14-May	Group Quarters	9. The Group Quarters Enumeration operation—which targets housing facilities with multiple residents, including hospitals, dormitories, prisons, barracks and nursing homes—will be conducted between April 1 and May 14.
1-Apr	14-May	Military/Maritime Vessel	10. The Military/Maritime Vessel Enumeration operation—for which the Census Bureau conducts a special enumeration for the crews of ships—will take place between April 1 and May 14.
10-Apr	17-Apr	March to Mailbox	11. The March to the Mailbox Campaign—which will include the distribution of promotional items and civic engagement ideas to increase the mail-in response rate in those census tracts with the lowest response rates per the Take 10 interactive map—will take place on April 10.
1-May	10-Jul	Non-Response Follow-up (NRFU)	12. The Non-Response Follow-Up (NRFU) operation—where census takers conduct personal interviews to obtain required information at households that did not mail back a completed questionnaire—will take place between May 1 and July 10.
7-May	17-Jul	Reinterview Operation	13. The Non-Response Follow-Up Reinterview operation—a quality control measure verifying that NRFU enumerators collected accurate information from the correct locations—will take place between May 7 and July 17.
24-Jul	25-Aug	Vacant/Delete Check	14. The Vacant/Delete Check operation—where census workers visit addresses that workers recorded during NRFU as either vacant or not a housing unit—will take place between July 24 and August 25.
6-Aug	3-Sep	Field Verificatiion	15. The Field Verification operation—where enumerators verify the existence of units geocoded to a census block that do not match addresses in the Master Address File—will take place between August 6 and September 3.
14-Aug	2-Oct	CCM Interviews	16. The CCM Interview operation—where a personal interview independent of any census results is conducted at sample housing units in order to determine: who lives there that day; who lived there on Census Day; and other places where these people could have been counted during the 2010 Census—will take place between August 14 and October 2.
