

2010 *Indiana*

Census Forms are Short

Asking just 10 questions of all residents, the 2010 Census form will take most households about 10 minutes to complete! Census responses should reflect all people living in a residence as of April 1, 2010 as well as people who live in the residence most of the year. Forms are available in multiple languages.

Why the Census Is Important to Indiana

The 2010 Census will help communities receive more than \$400 billion in federal funds each year for things like hospitals; job training centers; schools; senior centers; bridges, tunnels and other-public works projects; and emergency services.

Your Privacy is Protected

Data you provide to the U.S. Census Bureau through the 2010 Census Form is private. It is not shared with federal, state or local government agencies—or law enforcement. Names and addresses collected as a part of the Census are used to verify that each resident is counted only once.

Census Facts

Census Day is April 1, 2010

On this day, if you have not already, you should take the time to complete the 10-question form. Indiana needs to count you—completely!

You Can Fill It Out Early

Census forms should start arriving in mid- to late-March 2010. You can fill out and mail the form as soon as you receive it!

Everyone Counts

The U.S. Census counts every resident in the United States. The Census is required by the Constitution to take place every 10 years.
