

UNITED STATES CENSUS

2010 *Indiana*

Census Facts

Census Day is April 1, 2010

On this day, if you have not already, you should take the time to complete the 10-question form. Indiana needs to count you — completely!

You Can Fill It Out Early

Census forms should start arriving in mid- to late-March 2010. An option: fill out and mail the form as soon as you receive it — you don't need to wait for Census Day!

Everyone Counts

The U.S. Census counts every resident in the United States. The Census is required by the Constitution to take place every 10 years.
